

Affordable and productive eco-friendly colour

Innovative A3 colour with high productivity

Today's businesses naturally want the competitive edge of digital colour. But many are concerned about costs. For others, valuable office space and environmental impact are also key issues. The MP C2051/MP C2551 provide the high-performance, eco-friendly answer. We've packed professional colour capability and advanced workflow technology inside a space-saving design. Now you can help reduce your carbon footprint with highly productive A3 printing in-house. And feel good about saving time and money.

- High quality, cost-efficient colour at the same fast 20/25 ppm as B/W
- Multifunctionality: copy, print, scan and optional fax
- Eco-friendly technology saves energy and costs
- Advanced features simplify workflow saving time, space and money
- Enhanced security protects your data and aids compliance

Advanced workflow solutions

CONTROL YOUR COSTS

Everyone loves colour. Used wisely it is a powerful business tool. Bringing cost-efficient colour in-house saves outsourcing costs and makes good business sense. Our advanced MFPs feature Quota Setting that defines an individual user's output volumes. It gives you better cost control and reduces Total Cost of Operation

ENHANCE DOCUMENT WORKFLOW

Improve workflow and collaboration by capturing and sharing your documents electronically. The MP C2051/MP C2551 fit seamlessly into your digital workflow. They provide straightforward printing, copying, faxing and scanning across your network; you can scan direct to email, network folders, SD cards and flash memory.

THINK GREEN, WORK GREENER

We designed the MP C2051/MP C2551 to make green business simpler. The standard duplex unit saves paper and power. We help reduce your carbon footprint with our unique PxP toner and QSU energy-saving technologies. They give our MFPs one of the lowest Typical Energy Consumption (TEC) values in their class. Which helps you further in reducing CO2 emissions and operating costs and provides powerful support for your green strategies and business performance.

SIMPLIFY EVERYDAY TASKS

The MP C2051/MP C2551 make your business life easier and help reduce IT support calls. Our unique and flexible User Interface lets you customise your icons and simplify how you use these MFPs. There is even convenient envelope printing from an optional internal tray. So it's easier for you to customise your workflow and print your way.

INCREASE WORKGROUP PRODUCTIVITY

Enjoy performance that matches the speed of your business. Get more done with rapid recovery in 10 seconds and print speeds up to 25ppm. Further maximise productivity with first B/W copies in 7 seconds.

IMPROVE SECURITY

Your sensitive data is protected by our MFPs' robust security. The standard HDD Encryption Unit encodes the data generated as it is written to the hard drives. And using the embedded Data Overwrite Security unit, stored and temporary data can be overwritten to keep it safe. Optional security packages like Data Security for copying, Card Authentication and Secure Print Release are also available.

SAVE WORKSPACE

Our compact MFPs pack their advanced technology into a remarkably small footprint. They fit discreetly into convenient locations, making essential functionality easily accessible. Even the optional 500-sheet finisher, Punch unit and convenient Envelope tray are internal. So there is nothing to compromise the slim, space-saving design.

ADD LASTING IMPACT

Colour gets your business noticed. Make a big impression with crisp, eye-catching 1,200dpi imaging up to A3 size. And get it in vivid colour at the same high speeds as B/W. Create a variety of reports, newsletters and mailings on a wide range of media. Use your choice of light to heavy papers at sizes between A3 and A6. Print effortlessly on distinctive glossy and coated paper or card stock.
