i5800 Scanner

Intelligence and power, on many levels

Part of the **Kodak** i5000 Scanner Series, the i5800 Scanner delivers up to 210 ppm true performance (with all imaging features enabled), and provides a height-adjustable pedestal, offering the ideal scanning position for every operator.

It's a better, ergonomically correct answer for superior production scanning, featuring **Kodak** Dynamic Flow Technology, our breakthrough digital architecture that delivers optimized memory allocation and processing paths. It's a complete customisable solution aligned with end user business goals - only from Kodak, the high-volume market leader.

Benefit from intelligence and power on many levels —

- > **Offers the ideal scanning position for every operator** — through a height-adjustable pedestal

- > **Significantly reduces document prep and handling times** — with problem-free feeding of diverse batches and controlled stacking

- > **Finds the fastest way to scan, perform imaging functions, extract data** — via **Kodak** Dynamic Flow Technology
- > **Improves accuracy with streak filtering** — plus all the additional automated image enhancement features of Kodak's Perfect Page technology
- > **Makes complex and repeat functions one-button easy** — with programmable function keys

- > **Achieves greater data integrity for OCR, IDR, validation and other functions** — through capture of every bit of information at 600 dpi
