Express yourself: Print like a Pro

Ricoh is one of the world's leading manufacturers of business printers. You can now reap the benefits of our know-how in high quality, great performance printer models designed for entry-users. Introducing: the new Ricoh Aficio™ SP 100 e Series.

Small in size

All SP Series-models are among the smallest available printers in their particular category. The SP 100 e for example is as thin as a smart phone standing upright. For more space on your desktop and a more inviting working environment.

Big in duty

The SP Series is based on our know-how of professional printers. Thanks to the high quality parts, each model delivers up to 10,000 sheets monthly duty. It's a small investment to own a SP Series model, but you can count on longterm performance.

Excellent in scanning

For expressing yourself without limits, the two multi functional printer models SP 100SU e and SP 100SF e are equipped with full colour scanners, delivering 600 x 600 dpi resolution.

Convenient in operation

The SP Series printers come without a built-in fan. No hot air, no noise – simply the perfect solution for desktop use. What's more: the full front operation structure makes the all-in-one set-up or paper jam removal much easier.

Express yourself: with professional quality printers

SP 100 e – B/W Laser Printer The world's thinnest big printer.

Save space, save time, save money: The SP 100 e bears its professional talent for perfect quality printing in very small size – thus giving you more free space on your desktop. And thanks to its high monthly duty of up to 10,000 sheets, it proves to be a highly economic laser printer, too.

SP 100SU e – 3-in-1 Multifunctional Printer Versatility in amazing shape.

Print, scan, copy – the SP 100SU e delivers big, but demands little. This super compact and simplified 3-in-1 device surprises you with the exact performance and function capability that is required by your daily tasks. Even an easy operation ID copy is available. And what else is pretty professional: the high durability of a machine built by the well-experienced MFP company.

SP 100SF e – 4-in-1 Multifunctional Printer The one that has it all.

Printing, scanning, copying, faxing. Whatever you wish to do, the SP 100SF e is ready for the job, letting you organise and communicate with flawless quality. And being the pro it is, it comes along with high speed performance and high duty capability. The SP 100SF e – a reliable and affordable A4 MFP from Ricoh.
