

A scanner for
all the ins and outs
of today's business.

Just push the button
and organise your
paperwork – easily.

The new robust and flexible **Kodak ScanMate i1120** Desktop Scanner transforms your paper documents into high-quality digital images that can be managed, sent, filed, and found easily. One push of a button puts you in control of your documents and organises your information.

It's smart, reliable, and it multitasks.

The **Kodak ScanMate i1120** Scanner is ready to scan right out of the box with intuitive bundled software: NewSoft PRESTO! BizCard5 – helps you to organise business cards fast and accurately into a contact database, to be shared with e-mail or CRM applications. Avoid the lengthy process of keying in business cards. Nuance Scansoft PaperPort 11 – speed up working with both paper and electronic documents. Send documents to Microsoft Word, Excel, PowerPoint or by e-mail. With powerful functions for viewing and editing. The Kodak smart touch feature enables you to scan to up to nine destinations at the simple touch of a button. Create the file formats you need: PDF, TIFF, JPEG, RTF, and searchable PDF. Scan anything one- or two sided from a business card to DIN A4 and more, in colour, greyscale, black and white. Kodak Perfect Page image processing technology can make scanned images look better than the originals. At a price that's just where you want it.

Kodak
ScanMate i1120 Scanner

Small footprint with a big payback.

Your office will benefit with:

- Reliable paper handling to minimise rescans
- Automatic document feeding for quick processing
- Versatility to handle many types of documents
- Bundled software that adds real value
- Plug and play simplicity and ease of use
- High-quality imaging for accuracy and legibility
- A price that makes it all very affordable

That's the new **Kodak ScanMate i1120 Scanner**. One small footprint that helps you take one giant leap toward a well-organised office.
